One Stop Home Entertainment and Security Services

Control4 Starter Packages from \$499.00

Control4 Automation: The Control4 system enables you to control and automate virtually any home function, including your home theater, music, lighting, temperature, and more. All versions give you powerful control over your entire home and enable you to build the system over time either wired or wireless.

One Touch Home Theatre: Simplify the control of everyday audio, video and home theatre components, eliminating the need for multiple remotes. Control all of your home theatre components with the remote control or onscreen navigator.

Multi-Room Music: Enjoy your digital music collection throughout your entire home. The Amplifiers, iPod Docks, Wired and Wireless Speaker points unleash the latest in Audio entertainment wherever you wish.

Smart Lighting: Control all the lights in your home with the touch of a button or using a control4 touch screen, keypad, TV with navigator or remote control. Wireless dimmers, switches, outlet dimmers and switches provide smart lighting throughout your home. Power sensing modules make household plug-in devices part of your Control4 system.

Advanced Temperature Control: Simple, convenient control over the comfort of your home from anywhere in your home or in the world. The temperature control system can control the thermostats, fireplaces, fans and blinds automatically or at the touch of a button.

Safety and Security: Control4 integrates with your existing security system and provides you with a variety of options to monitor the security of your home. With 4Sight services you can login to your Control4 Page and monitor your security system, cameras, temperature sensors, doors and more. Allowing you to lock or unlock doors or with special codes know who has entered or left your home.

As well as being the Lakes only local Control4 dealer, MISI offers the following services for both residential and business customers. Systems are scalable from just pre wire to full home or business automation. **If your home is new or existing construction we have the solutions for you:**
